Dear Scholars,

Chinmaya International Foundation Shodha Sansthan is glad to announce, a six day workshop on Computational Linguistics from 22nd to 27th December at Chinmaya International Foundation in collaboration with the Sanskrit Consortium Project (Funded by TDIL, MCIT Delhi) and Department of Sanskrit Studies, University of Hyderabad.

The objective of the workshop is to introduce various sanskrit computational tools to Sanskrit teachers so that they can use these tools as a teaching aid. Further they can equip their students in understanding the original sanskrit texts independently with the help of these tools.
